

Soft Frozen Dessert Mix

Non-Dairy Softserve

It is rare to find a non-dairy softserve with such decadent taste and texture. But because this mix is milk-filled, it tastes like a creamy all-dairy product, so you get that rich taste with the economic benefits of non-dairy. And because it's not susceptible to the natural market fluctuations of butterfat, your food cost remains stable.

The Best Benefits

- Creamy, rich taste
- Smooth texture
- Also great for shakes, smoothies
- Excellent value

Flavors: Vanilla, Chocolate
